# 2025 City of Yuma & YCHC CDBG & HOME Funding Cycle

**Affordable Housing - Housing Programs  
Homelessness Assistance - Youth & Elderly Programs & More**

The City of Yuma is beginning the 2025 CDBG and HOME Funding cycle. Non-profit organizations interested in submitting an application for CDBG or HOME funding are encouraged to attend the public hearing. Priorities for the use of funds are identified in the 2021-2025 Consolidation Plan, which can be found at:

<https://www.yumaaz.gov/government/community-development/neighborhood-services/plans-reports>

The City estimates receiving \$970,370 of CDBG from (HUD) for 2025/2026. Funds must be used for eligible activities within Yuma city limits and must meet a national objective.

The Yuma County HOME Consortium will receive approximately \$222,171 in HOME Investment Partnership funds. Funds must be used to create and preserve affordable housing within Yuma County.

Please contact us if you would like to discuss a proposal. We'd be happy to meet and answer any questions about eligibility, funding requirements, the application process, or how to use Neighborly.

For more information or to schedule technical assistance, please contact Cassandra Granados at the number or email address below.
